What would you think of only 10 cents a month for a 16-candle power electric light? That's what the Logan people pay, and the service, while not fully as good as ours, is very good. And, the companies, both the municipal and the Telluride, claim that they are making money.—Box Elder News.

Expression of Thanks.

The following letter was sent to the Ladies' Self Culture Club by the Bishopric of the Garland Ward in response to the \$60.00 presented the hall by said organization:

To the President, officers and members of the Ladies' Self-Culture Club,
Kind Friends:

In accepting the proceeds of the entertainment given by you, we, in behalf of the people and as the Bishopric of the Garland ward, esteem it a pleasure as well as a duty to express to you our hearty appreciation and thanks for your very liberal contribution of \$60.00 towards liquidating the debt on the Amusement hall.

We realize, to a certain extent, the amount of labor required to successfully conduct a social gathering as the one given by your Club, the evening of June 19th, 1907, and we trust that you will accept our heartfelt thanks both individually and collectively.

With best wishes for the continued success of your organization,

We remain, yours sincerely,

The Doctor Away From Home When Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by Ritter Bros. Drug Co.

West Portage News.

About fifty of our jolly youngsters were seen out bright and early marching with their baskets on their arms to meet this morning's train. All are out for a good time at Lagoon. One poor little girl, about the size of her mother, had to remain at home on account of having such a bad cough. The cough doesn't hurt her half so bad as having to stay at home.

Cumer Green left for Salt Lake City Monday morning to take a treatment at the Martin Sanitarium. Mrs. Ellen Hall and daughter Malinda Shubair of Payette Idaho are visiting relatives in this vicinity. Our trustees have recently placed a fine piano and new seats in our school house.

Friday last, Mrs. David Parkins presented her husband with a bouncing baby girl, mother and baby doing nicely.

Miss Minnie Gardner of Mendon has been spending the last week in Portage, the guest of Mrs. Mariah London.

John F. Conley and Miss Vina Harris left for Ogden last Monday. There they will meet Mr Conley's wife, who has been visiting relatives for a few days and all will go to Lagoon today and help the others to enjoy themselves.

Mr Mark Leavitt and father were in town yesterday on their way to the Holbrook country where they are going to look up some dry farms.

Eddie Sorensen was brought into town Thursday afternoon and taken to Dr. Francke's office for treatment. While stacking hay at Rhode's farm, a Jackson fork fell on him cutting gashes on his head and foot and one of the tines penetrated his thigh gouging an ugly gash.

Thursday afternoon the Sugar factory boys gave the business men of town a white-washing to the tune of 11 to 1 at the Athletic Park ball grounds. It was a fine game, full of ginger and enthusiasm. Battery for Business Men—Foulger and Featherstone; Sugar Factory Battery—Green and Cliff. During the game J. F. Featherstone had his car ripped by a foul ball requiring a few stitches to fix it up.

Nothing Doing.

It was a dull morning in the police court, and the magistrate, a benedict of long standing, sat in his chair looking into space. A prisoner was brought before him and the policeman made a charge.

"Intoxicated, eh?" muttered the court, absent-mindedly.

"Yes, your honor," admitted the prisoner.

"Are you married?" asked the magistrate.

"No," was the reply.

"Then what excuse do you have?" demanded the court, mechanically signing the commitment paper.

A titter ran over the audience and the magistrate came to with a start, glancing apprehensively at the reporters. When court was adjourned, contrary to his usual custom, he called the newspaper men before him.

"Do you find anything to write this morning?" he asked in a clearly apprehensive tone.

"No," was the reply.

The magistrate looked relieved. "That's good—that is—I mean I thought there wasn't anything worth writing," he said.

MARKET REPORT.

Special to the Garland Globe:

Kansas City Stock Yards, July 8, 1907.—The cattle market was good last week, all classes making fairly good advances, fed steers gaining 20 to 30 cents, stockers and feeders 10 to 20 higher, grass killers 15 to 25 higher, cows and heifers 5 to 15 higher. Holders of range cows will be glad to know that the post mortem inspection rule proposed by the backers six weeks ago has been abandoned, and that range cows and canners will sell straight hereafter, as before the agitation was started. Southern cattle are coming freely, half the supply of 15,000 head to day being in the quarantine division. The run of southern cattle is at its highest point now, and will decrease after the middle of this month, and will be reduced to a nominal amount by the middle of August. The general market is steady to 10 lower to-day, best killing steers selling strongest and grassers and country grades weakest, she stuff a shade lower.

Favorable corn weather and the good prices being paid for fat steers are an incentive to country buyers, but that trade is not yet of sufficient proportions to take care of a heavy supply. Top fed steers to-day 6 80, corn and grassers 4 25 to 5 20 in Native division, southern grassers 3 50 to 4 80. Cows bring 2 50 to 4 65, heifers 3 60 to 5 50, bulls 2 75 to 4 75, veal calves 4 00 to 6 25, stockers 3 25 to 4 75, feeders 4 50 to 5 10.

Mutton supplies were moder-

ate last week, and prices held up strong. The run is 8000 to-day, market about steady, top lambs 7 65. Arizonas predominate lately, with offerings of Texas diminishing, and Utahs not yet started in any considerable numbers.

Arizona wethers and yearlings are worth 5 25 to 5 75, ewes around 5 00, lambs 7 00 to 7 50. Texas muttons 4 35 to 4 85, but quality has been lacking lately, goats 3 25 to 3 65, some Utah goats at the latter figure late last week. While no further break is expected, it is doubtful that any substantial rise in prices will be seen at present, as hot weather is against heavy consumption of mutton.

J. A. RICKART,
L. E. Correspondent.Farming on the Yukon.
W. M. Swinehart has compiled for publication the results of his experience in farming at Fort Selkirk, and these show that, taking one season with another, the crops raised and the prices received for the product are sufficient to cause the average farmer in the states to look to the north with envy, says the Seattle Post-Intelligencer. Oat hay, the chief crop produced, yields about three tons to the acre and sells readily in the spring at from \$100 to \$125 per ton. Demand has never been lacking for all the hay the farm produces, since the Dawson-White Horse stage line, on which from 250 to 400 horses are used every winter for several months, passes within a few miles of the farm. Potatoes yield from three to five tons to the acre and bring as much as 35 cents a pound. The average price for a series of years has been a fraction over 30 cents a pound. Rutabagas yield six tons to the acre and sell for 5 cents a pound, or \$720 an acre. Carrots yield three tons to the acre and sell for 16 cents a pound, a return of \$960 per acre. Cabbages vary in production to season, ranging from three to eight tons to the acre, and the price ranges from 15 to 20 cents a pound. It is an exceptional season when the Swinehart farm does not net its owners an income of \$50,000.
